

*Everybody
welcome!*

ACCESSIBILITY

We welcome everyone & anyone, and accessibility was central to our ethos when designing the hotel, and also our [website](#). Here we summarize the different aspects of the *magdas HOTEL* Vienna City and on our website that contribute to accessibility.

ARRIVAL AND ENTRANCE

The nearest tram stop is at 100 m and there is an accessible public parking space (entrance from Krummgasse) close by. You can reach our main entrance on a fully paved pathway which includes a ramp with a slope of less than 10%. The automatic sliding door opens ahead of your entry and has an integrated de-lay closure. This glass sliding door is visually marked and has a minimum width of 90 cm. The area in front of and behind the door is at least 150 cm x 150 cm each. When coming from the accessible parking at Krummgasse you can enter through the terrace on a sloped pathway.

RECEPTION

Reception is accessible without stairs and a tactile orientation system for visually impaired people leads the way from the main entrance to the reception desk. The desk itself has a lowered part for wheelchair users. Our colleagues happily provide an orientation map in braille, describing the way to our rooms for visually impaired guests.

ROOMS

Our accessible rooms are reachable without stairs, through a broad corridor (>120 cm) and an adequate wheelchair maneuvering area (150 cm). They provide enough space for using your wheelchair (28 sqm or 31 sqm). One of the rooms has a connecting door, offering separate space to, for example, a caregiver or personal assistant. The spacious bathroom is equipped with an emergency button, grab rails at the toilet and in the shower, a wheelchair-accessible showering as well as a wheelchair-accessible showering space. We offer one room with a toilet seat that can be accessed from the left and one room with a toilet seat that can be accessed from the right. The permanently installed shower seat is at a height of 48 cm. The bed height is 46 cm, the desk is wheelchair accessible, and all operating devices (heating, door button, socket outlet, light switch...), as well as the coat rack, are accessible.

ONLINE REPRESENTATION

Each website visitor can adjust numerous settings for accessibility without barriers.

You can modify colours and contrast or use the screen reader. The font on our website is generally very legible but can also be adapted to individual needs —even per keypad.

YOUR INPUT, YOUR INQUIRIES

If there is something we have missed, please let us know – Send a message to hotel@magdas.at!

Inquiries? Talk to us at any time: +43 1 7200 288

We are looking forward to having you.

**STAY OPEN-MINDED.
STAY WITH US.**
